

## WHAT IS SNAG?

SNAG and SA Golf Institute are excited about starting a new fun and exciting junior learning to play program for kids from 5-10 years together with indoor/office golf for adults and children. The programme is the easiest and quickest way to learn how to play golf and have fun, that's what SNAG is all about. The name is an acronym for Starting New At Golf and that's exactly what SNAG allows you to do in a fun and exciting way.

SNAG golf contains all the basic elements of golf in a modified form. The game has its own simplified rules and terminology which makes the learning and playing experience so much more enjoyable. Falling somewhere between miniature golf and regulation golf, SNAG allows the player to experience full shots including pitching, chipping and putting. Using oversized clubs, valcro targets and hoops it makes learning the game fun and easy.

Players not only learn how to hold, swing and play the game but it also helps with learning numeracy and basic movement and this adds a competitive edge to any teambuilding or coaching session.

SNAG is a great program to add to a party as it gets all players enjoying the game and learning while having fun.
